

## Ohio MMCP Cultivator Applications Level I Review Results

The Department received 109 Level I cultivator applications, and awarded 12 Level I provisional licenses. Of the 109 applications received, 36 met the minimum requirements and were considered for a provisional license.

The scores were calculated using a two-step process. In the first step, a maximum score of 100 points was possible. An applicant must have achieved a minimum score of 60 points and must also have achieved the minimum score (Reference Table A) for each plan (Business, Operations, Quality Assurance, Security and Financial) to be considered a qualified applicant. Applicants failing to meet the minimum score requirements were disqualified and received no further consideration.

If the applicant scored at least 60 points and met the minimums required for each plan, they moved on to the second step of the scoring process. In this second step, the Department of Commerce applied a conversion factor to the score from step 1 to arrive at the final weighted score. The maximum possible final weighted score was 200 points.

Table A

<b>Category</b>	<b>Minimum Score (Step 1)</b>	<b>Maximum Score (Step 1)</b>	<b>Conversion Factor</b>	<b>Final Weighted Score</b>
Business Plan	6	10	1.46	14.6
Operations Plan	18	30	2.36	70.8
Quality Assurance Plan	18	30	1.64	49.2
Security Plan	12	20	2.00	40.0
Financial Plan	6	10	2.54	25.4
<b>Total Possible Points</b>		<b>100</b>		<b>200</b>

The Department fulfilled its obligation under ORC 3796.09 (C) by awarding two Level I provisional cultivator licenses to economically disadvantaged applicants.

All applicants that did not receive a provisional license will receive information in a notice of hearing from the Department of Commerce explaining the outcome. Any applicant who did not receive a license has the right to appeal the decision. The Department will provide notification of the process.
