

## **QUICK REFERENCE GUIDE: REMAINING DAYS' SUPPLY CALCULATOR**

**Updated 5-24-2019**

This calculator is being provided as a tool to help patients, caregivers and dispensary employees confirm the amount of medical marijuana a patient is eligible to purchase.

Pursuant to [rule 3796:7-2-04 of the Ohio Administrative Code](#), a patient may not possess more than a 90-day supply of medical marijuana. This calculator is intended to help individuals verify the amount of medical marijuana that can be purchased at any given time. It works in the following manner:

1. Subtract the days' supply purchased on the current fill from 90;
2. Subtract the days that have passed since the first day of the fill from 90; and
3. Subtract the days' supply purchased in the preceding 90 calendar days from 90.

Whichever number is lowest is the days' supply available for purchase. If a patient has exceeded the 90-day purchase limit, they cannot be dispensed medical marijuana.

If you have any questions regarding days' supply, please call the Ohio Medical Marijuana Toll-Free Helpline at 1-833-4OH-MMCP (1-833-464-6627), or contact the Board via email at [MMCPRegistry@pharmacy.ohio.gov](mailto:MMCPRegistry@pharmacy.ohio.gov).

### **Days' supply purchased in current fill**

(The number of days' supply you have purchased since your current fill began)

### **Day of current fill**

(Today's date relative to when your fill began. Example: if your current fill began on 1/1, and today is 1/15, today is the 15<sup>th</sup> day of the fill)

### **Amount purchased in previous 90 days**

(Including today as the 90<sup>th</sup> day, how many days' supply have you purchased in the previous 90 calendar days, regardless of fill or recommendation)

### **Days' supply available for purchase today**

**PLEASE NOTE: If the number above is a negative value, you CANNOT purchase medical marijuana at this time. You will be able to purchase once this value is positive.**
