

Ohio Medical Marijuana Control Program

MedicalMarijuana.ohio.gov

Medical Board

Certificate to Recommend

Online Certificate to Recommend application slated to be in place Spring 2018

- Currently planning for February 2018 User Acceptance Testing (UAT) of both CTR and patient portal with physicians, including Drs. Sojin and Mitchell

Completion of two hours of continuing medical education is required for CTR applicants

- The required courses focus on diagnosing qualifying medical conditions and treating such conditions with medical marijuana
- Information regarding approved continuing medical education courses is available with the Ohio State Medical Association and Ohio Osteopathic Association

Qualifying Conditions

The State Medical Board of Ohio established Nov. 1, 2018 – Dec. 31, 2018 as the first submission period for petitions to add a qualifying medical condition to the Medical Marijuana Control Program.

NO PETITIONS WILL BE ACCEPTED BEFORE NOV. 1, 2018.

During the submission period next fall, all petitions should be filed electronically through the State's website, medicalmarijuana.ohio.gov. A petition needs to include:

- Name and contact information
- Specific disease or condition requested to be added
- Information from experts who specialize in the study of the disease or condition
- Relevant medical or scientific evidence
- Consideration of whether conventional medical therapies are insufficient to treat or alleviate the disease or condition
- Evidence supporting the use of medical marijuana to treat or alleviate the disease or condition and other types of medical or scientific documentation
- Letters of support provided by physicians
