

| Date | Category | Summary |
|--------|-------------|---|
| 4-Jan | Advertising | Believes dispensaries should not advertise anything other than name, address, and the fact that they are a marijuana dispensary. If more is allowed, outlined restrictions that wouldn't allow ads to be enticing to children. |
| 10-Jan | Advertising | Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads, prohibiting ads on vehicles, clothing or hand-held signs, and prohibiting marijuana leafs on ads. |
| 10-Jan | Advertising | Suggests prohibiting advertising, but that if advertising is not prohibited, then the drug should be referred to only by its name and not by a nickname or slang term; and that broadcast ads, ads on vehicles, clothing or hand-held signs, and marijuana leafs on ads should all be prohibited. |
| 10-Jan | Advertising | Suggests restricting advertising size, and prohibiting illumination and billboards. Suggests framework for businesses who would like to apply to have illumination or billboards, and how to work with zoning districts. |
| 11-Jan | Advertising | Suggests establishing an approved logo to help identify dispensaries, and only allow one logo. |
| 11-Jan | Advertising | Suggests prohibiting advertising, but that if advertising is not prohibited, then the drug should be referred to only by its name and not by a nickname or slang term; and that broadcast ads, ads on vehicles, clothing or hand-held signs, and marijuana leafs on ads should all be prohibited. |
| 12-Jan | Advertising | Concerned that the advertising rules are too restrictive and not business friendly. |
| 13-Jan | Advertising | Suggests \$100 fee per advertisement infringes on free speech and should be removed. |

| | | |
|--------|-------------|--|
| 13-Jan | Advertising | Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads, prohibiting ads on vehicles, clothing or hand-held signs, and prohibiting marijuana leaves on ads. |
| 13-Jan | Advertising | Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads, prohibiting ads on vehicles, clothing or hand-held signs, and prohibiting marijuana leaves on ads. |
| 13-Jan | Advertising | Suggests prohibiting advertising, but that if advertising is not prohibited, then the drug should be referred to only by its name and not by a nickname or slang term; and that broadcast ads, ads on vehicles, clothing or hand-held signs, and marijuana leaves on ads should all be prohibited. |
| 13-Jan | Advertising | Suggests clarifying that advertising rules won't prohibit dispensary from using a celebrity endorsement. Suggests clarifying timeline for advertising approval, and for it to be as objective as possible for understanding what is and is not allowed. |
| 13-Jan | Advertising | Suggests there should be no additional fee once and advertisement is approved. |
| 13-Jan | Advertising | Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads, prohibiting ads on vehicles, clothing or hand-held signs, and prohibiting marijuana leaves on ads. |
| 13-Jan | Advertising | Suggests advertising audience should be carefully considered. Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads. |

| | | |
|--------|---------------------|---|
| 13-Jan | Advertising | Suggests referring to marijuana by its name and not by a nickname or slang term. Suggests prohibiting broadcast ads, prohibiting ads on vehicles, clothing or hand- held signs, and prohibiting marijuana leafs on ads. |
| 13-Jan | Advertising | Suggests removing requirement that every advertisement must receive prior approval by the Board, and instead establish clear rules on what advertisements may include. |
| 13-Jan | Advertising | Suggests the advertisement fee should be \$25. |
| 13-Jan | Advertising | Suggests prohibiting advertising, but that if advertising is not prohibited, then the drug should be referred to only by its name and not by a nickname or slang term; and that broadcast ads, ads on vehicles, clothing or hand-held signs, and marijuana leafs on ads should all be prohibited. |
| 13-Jan | Advertising | Suggests that the Board is overreaching by requiring approval to be issued for individual advertisements and web content. Suggests including rule that states what can and cannot be included in advertisements and web content, and remove the approval requirement. |
| 13-Jan | Advertising | Suggests removing \$100 fee per advertisement. |
| 11-Jan | Applicant backers | Suggests amending rule regarding backers owning interests in more than one application. |
| 12-Jan | Applicant backers | Asks how having a financial interest in another licensee, registrant or applicant will affect an applicant's chances of being granted a license. |
| 21-Dec | Application process | Believes priority for dispensary licenses should be given to Ohio residents who have lived in the state for a minimum of 5 years. |
| 21-Dec | Application process | Suggests clarifying how the 40 successful applicants will be chosen if there are more submissions than number of dispensaries. |

| | | |
|--------|---------------------|--|
| 28-Dec | Application process | Believes it'd be premature to ask an applicant to enter into a lease or buy property for a business that ultimately may not receive a license. Suggests that the applicant could submit a possible location with an affidavit from the potential landlord with intent to lease/sell the location if licensed. |
| 8-Jan | Application process | Suggests that nobody in the pharmaceutical business, pharmacies, or physicians able to recommend marijuana should be an owner or have an investment interest with a dispensary applicant. |
| 12-Jan | Application process | Suggests applicants who have been in Ohio for 5 years and those already providing healthcare products receiving an advantage over other applicants. Suggests expanding hours of operation. Suggests clarifying language to allow employees to eat food in break room. Suggests allowing businesses to brand products and display name of business in advertisements. Suggests defining natural person. |
| 12-Jan | Application process | Suggests requiring the board to consider whether the dispensary is in an area where there is not a moratorium on marijuana to avoid obstacles in setting up the business. |
| 13-Jan | Application process | Suggests the Board accept a memorandum of understanding for the acquisition of a property with the successful application for a medical marijuana dispensary license in lieu of a leasehold. |
| 13-Jan | Application process | Suggests removing the requirement of owning or leasing a property at time of application, but instead show that applicant has right to a property |

| | | |
|--------|---------------------|---|
| 13-Jan | Application process | Suggests the Board should require applicants to disclose not just interests in other regulated marijuana businesses, but also any infractions, fines, violations, permit revocations or other official rebukes related to those businesses. |
| 13-Jan | Application process | Asks if a specific type of business organization will be required to receive a license. |
| 13-Jan | Application process | Asks if the \$250,000 in liquid assets requirement is to be included in the expenses for the first year of operation. |
| 13-Jan | Application process | Suggests the requirement to have liquid assets to cover expenses and costs for the first year is too steep, but that six months would be sufficient. |
| 13-Jan | Application process | Asks for clarification if all disqualifying offenses from section 109.572 of the ORC would disqualify someone as an owner, officer or board member. |
| 13-Jan | Application process | Believes the term "character and fitness" is broad and subjective, and asks if there's a better baseline to use. |
| 13-Jan | Application process | Suggests that ethnicity, religion or sexual orientation should not play a part in the application and approval process |
| 13-Jan | Application process | Suggests that only Ohio residents should be able to apply. |
| 13-Jan | Application process | Asks if a publicly traded company can own a dispensary license. |
| 13-Jan | Application process | Suggests the announcement and application timeline is unrealistic and will bias those with high levels of financial access, and could undermine owner diversity. Also suggests the \$250,000 liquid asset requirement will drive up costs to the patient. |

| | | |
|--------|---------------------|--|
| 13-Jan | Application process | Suggests the Board should add a timeline within which they will issue a certificate after they have completed a satisfactory inspection. Suggests this timeline should be as short as reasonably possible to increase patient access. Also suggests that upon renewal filing, if a dispensary files within a reasonable time they should be allowed to continue to operate while the renewal is pending. |
| 13-Jan | Application process | Believes the application process places a large time and monetary burden on the applicant, and thinks the process appears to cater to very wealthy entrepreneurs. |
| 13-Jan | Application process | Believes the application process places a large time and monetary burden on the applicant, and thinks the process appears to cater to very wealthy entrepreneurs. |
| 13-Jan | Application process | Believes the application process places a large time and monetary burden on the applicant, and thinks the process appears to cater to very wealthy entrepreneurs. |
| 13-Jan | Application score | Suggests operation experience and financial strength be among important factors of an application score. |
| 11-Jan | Available funds | Suggests amending rule regarding available funds. |
| 12-Jan | Board notifications | Suggests changing requirement that dispensaries notify the Board at least seven days prior to rendering medical marijuana unusable and disposing of it to 24 hours. |
| 13-Jan | Change in business | Suggests clarifying that a change in business or trade name wouldn't trigger a new application and change of ownership. |
| 13-Jan | Change in location | Suggests locations should be able to move if in same county. |
| 13-Jan | Change in ownership | Suggests that a change in business name or DBA should not require a new certificate fee and license number. |

| | | |
|--------|---------------------|---|
| 13-Jan | Change in ownership | Suggests that submitting an amended application and paying a fee to add a key employee would be easier to regulate than applying for a change of ownership. |
| 19-Dec | Clinical director | Suggests adding a requirement of 10 years of pharmacy or clinic operating experience to the clinical director role to allow a greater number of talented people to fill the role. |
| 30-Dec | Clinical director | Believes the clinical director requirement should be removed because it will drive up costs, and because it goes against statutory intent. |
| 8-Jan | Clinical director | Believes a registered nurse should be considered as a key employee or a clinical director. |
| 12-Jan | Clinical director | Suggests removing clinical director requirement. |
| 13-Jan | Clinical director | Suggests an allowance be given for the clinical director's responsibilities to the dispensary. |
| 13-Jan | Clinical director | Suggests a clinical director should be able to work for multiple business entities, but must be licensed for each and can't be contracted with more than five establishments. |
| 13-Jan | Clinical director | Suggests making the clinical director a full-time, trained position. |
| 13-Jan | Clinical director | Suggests referencing the obligation for a clinical director to develop and provide training to the dispensary employees, and once every 12 months that training must be provided focusing on the risks of substance abuse and how to identify it in patients. |
| 13-Jan | Clinical director | Suggests removing the requirement that a clinical director must possess a pharmacy license, nursing license, be medically licensed as a physician or PA. If not, suggests extending requirements to include those licensed in fields such as counseling or social work. |

| | | |
|--------|---------------------|--|
| 13-Jan | Clinical director | Suggests requiring a pharmacist, nurse specialist, nurse practitioner, physician or physician's assistant to be a clinical director would be against legislative intent. Suggests training for dispensary employees instead of the clinical director role. |
| 13-Jan | Clinical director | Suggests removing role of clinical director. |
| 13-Jan | Clinical director | Suggests removing the clinical director role. |
| 13-Jan | Clinical director | Suggests that the clinical director role should be limited to only pharmacists. Suggests clarifying if a clinical director can serve as director for multiple dispensaries. |
| 13-Jan | Concentration limit | |
| 16-Dec | Cultivation | Concerned medical demands will be beyond the amount the state is able to produce. |
| 13-Jan | Cultivation | Suggests to chemical pesticides of any kind should be permitted when growing medical marijuana. |
| 10-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 10-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 11-Jan | Definitions | Suggests defining whole day increment. |
| 11-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 11-Jan | Definitions | Asks for explanation for the number of dispensary districts. Asks what constitutes a 90-day supply. |
| 12-Jan | Definitions | Suggests defining what a natural person is. |
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |

| | | |
|--------|---------------------------|--|
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 13-Jan | Definitions | Suggests define who qualifies as a drug enforcement administration physician. Suggests clarifying what a normal supply of medical marijuana to be operationally efficient is. Suggests defining what a significant increase in quantity of marijuana is. |
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 13-Jan | Definitions | Suggests the Board need to define the maximum amount to be in possession of at a single time, or the maximum amount that can be dispensed to a patient or caregiver in a 90-day period. |
| 13-Jan | Definitions | Suggests clarification on how reciprocity will work, and allow any registered medical marijuana cardholder from any other state to be able to purchase medical marijuana in Ohio. |
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 13-Jan | Definitions | Suggests discontinuing use of the word "marijuana" and refer to it only as cannabis. |
| 13-Jan | Definitions | Asks to clarify what "in the area" means in relation to signs regarding edible medical marijuana products. |
| 13-Jan | Definitions | Suggests that a 90-day supply be defined in rule and not by patients or dispensaries. |
| 13-Jan | Designated representative | Suggests each dispensary have an alternative designated representative pre- approved to allow for temporary absences of the designated representative. Suggests there shouldn't be a need to alert the Board or receive permission for use of a pre- approved designated representative. |

| | | |
|--------|------------------------|--|
| 13-Jan | Discontinuing business | Suggests adding requirement that if a dispensary closes, all records must be stored in a HIPAA compliant facility, one that should be identified in the application. At the end of the storage period, a HIPAA- certified documents destruction company will then destroy the dispensary's data. |
| 12-Jan | Dispensary access | Suggests removing requirement that a dispensary should have to submit prior written request to the Board to authorize prohibited person from being on the dispensary premises |
| 13-Jan | Dispensary access | Suggests removing rule prohibiting any person other than a caregiver or patient being in the dispensary. Suggesting re- working the rule so employees are in full control of all products. |
| 13-Jan | Dispensary access | Suggests allowing patients registered in another state to purchase medical marijuana in Ohio under a reciprocity agreement to a list of those individuals allowed to enter a dispensary. |
| 13-Jan | Dispensary access | Suggests removing restrictions on access to dispensaries and make them open to the public. |
| 13-Jan | Dispensary access | Suggests the provision on people in the dispensary be revised to allow the children of the patient or another family member to be with them inside. |
| 13-Jan | Dispensary access | Suggests the provision on people in the dispensary be revised to allow the children of the patient or another family member to be with them inside. |
| 13-Jan | Dispensary access | Suggests the provision on people in the dispensary be revised to allow the children of the patient or another family member to be with them inside. |
| 12-Jan | Dispensary devices | Suggests that the state should consider using medical marijuana vending machines in dispensaries. |

| | | |
|--------|----------------------|---|
| 13-Jan | Dispensary employees | Suggests that when a dispensary employee ceases to work at a dispensary, that former employee should be required to return their identification card to the Board, not the dispensary. |
| 13-Jan | Dispensary employees | Suggests designating a privacy officer whose chief responsibility is to ensure that HIPAA standards are always met. |
| 13-Jan | Dispensary employees | Suggests employees must receive training on confidentiality requirements of a dispensary as require and related to HIPAA law. |
| 13-Jan | Dispensary employees | Suggests only a conviction on a disqualifying offense, and not an arrest or a traffic violation, should have to be reported to the Board and dispensary designated representative by a dispensary employee. |
| 13-Jan | Dispensary employees | Suggests that all dispensary employees take a consistent and approved training program during their first month of employment, which should include a final exam. |
| 13-Jan | Dispensary employees | Asks what would happen if a license would be denied if a dispensary employee has disciplinary action taken against them. |
| 13-Jan | Dispensary employees | Asks for clarification on how many badges an employee is required to have, and suggests having one license per individual that isn't necessarily tied to a dispensary. |
| 13-Jan | Dispensary employees | Asks why a dispensary with two locations utilize the same designated representative. |
| 13-Jan | Dispensary employees | Suggests the designated representative would find it difficult to learn of an employee's arrest for disqualifying offense. |
| 13-Jan | Dispensary employees | Suggests a temporary certificate of authority for a designated representative is unnecessary. |

| | | |
|--------|-----------------------|---|
| 13-Jan | Dispensary employees | Suggests that the only key employees who can notify the Board and law enforcement after the discovery of theft or loss are those with an access code. |
| 13-Jan | Dispensary employees | Suggests that there is no statutory foundation for requiring all dispensary employees to be licensed. If this is maintained, licensed employees should be able to switch employment between dispensaries without impacting their license. Suggests the rules should clarify that criminal offenses more than 5 years old should not bar employment. |
| 13-Jan | Dispensary employees | Suggests that dispensary employees who are not licensed health professionals should not be required to have training on the different strains of medical marijuana, nor the appropriate uses of medical marijuana in the treatment of qualifying conditions. |
| 13-Jan | Dispensary Employees | Suggests employees be allowed to work pending background checks |
| 11-Jan | Dispensary operations | Suggests prohibiting use of marijuana on site, and prohibiting minors from being on the premises of a dispensary. Suggests making dispensaries all Drug-Free Workplaces under Ohio law. |
| 12-Jan | Dispensary operations | Suggests allowing dispensaries to have their own branding on their products. Suggests clarification to allow dispensary employees to eat lunch in the break room. |
| 12-Jan | Dispensary operations | Suggests allowing dispensaries to have their own branding on their products. Suggests clarification to allow dispensary employees to eat lunch in the break room. |
| 12-Jan | Dispensary operations | Suggests removing prohibition on food and drink being consumed by employees on the premises. |
| 13-Jan | Dispensary operations | Suggests dispensaries be required to maintain records of the Business Associates Agreements with third-party vendors, as stipulated by the HIPAA/Omnibus Rule. |

| | | |
|--------|-----------------------|---|
| 13-Jan | Dispensary operations | Suggests adding provision allowing for different packaging rules for plant material sold by weight. |
| 13-Jan | Dispensary operations | Believes physicians will not tell a patient the specific amount they should take, so they suggest a trained and qualified patient consultant at each dispensary to speak to patients and caregivers and determine what method and dosage they should use. |
| 13-Jan | Dispensary operations | Suggests the 180-day requirement on dispensaries being operational is too short and needs to be extended to one year. |
| 13-Jan | Dispensary operations | Suggests the entire section on dispensing medical marijuana will be difficult to regulate, and goes on to ask questions about how exactly it will function. |
| 13-Jan | Dispensary operations | Suggests that telemedicine would be beneficial to many patients. |
| 13-Jan | Dispensary operations | Suggests the dispensing system will be difficult for patients to continually navigate. |
| 13-Jan | Dispensary operations | Suggests the wording of the material included with each receipt should be more prescriptive. |
| 13-Jan | Dispensary operations | Suggests removing prohibition on food and drink in the dispensary. |
| 13-Jan | Dispensary operations | Suggests clarifying rules to allow employees to have a break room where they can eat and drink. |
| 13-Jan | Dispensary operations | Suggests a pharmacist should be required to be on site. |
| 13-Jan | Dispensary operations | Suggests removing requirement on serial numbers for recommendations, and the provision allowing for discipline for someone knowingly dispensing an illegitimate recommendation. |
| 13-Jan | Dispensary operations | Suggests removing requirement for dispensaries to sell medical marijuana in whole-day increments. |
| 13-Jan | Dispensary operations | Suggests the removal of the prohibition on consuming food or beverages on the premises. |

| | | |
|--------|-------------------------|---|
| 13-Jan | Dispensary operations | Suggests the removal of the prohibition on consuming food or beverages on the premises. |
| 13-Jan | Dispensary operations | Suggests that a pharmacist should be required to be on-site at a dispensary. |
| | Dispensary operations | Suggests the removal of the prohibition on consuming food or beverages on the premises. |
| 13-Jan | Dispensary reporting | Suggests removing requirement that dispensaries include the physician's DEA registration number on electronic records transmitted to the Board. |
| 13-Jan | Dispensary transactions | Suggests that rule 3796-6-3-11(A)(21) language that includes a third-party provider should instead include a closed- loop system, since that is what the law stipulated, and that the law also doesn't allow cash transactions. |
| 13-Jan | Dispensary transactions | Suggests notifying the Board of a transaction will not be a problem if all medical marijuana businesses are on the same system. |
| 13-Jan | Dispensing log | Suggests a simple, standardized dispensing log to track inventory. |
| 13-Jan | Dispensing supply | Suggests restricting dispensing to a 90-day supply is limiting, and that the market should control supply amounts. |
| 13-Jan | Dosage | Suggests removing rule saying dispensaries must sell medical marijuana in whole-day increments. |
| 10-Jan | Drive-through windows | Suggests prohibiting drive-through windows, or instead include pick-up units and other terms used in zoning codes. |
| 13-Jan | Drive-through windows | Suggests removing prohibition on drive- through windows, and making them operate like ones at a pharmacy. |
| 13-Jan | Drive-through windows | Suggests removing the prohibition on drive- through windows. |
| 13-Jan | Drive-through windows | Suggests removing the prohibition on drive- through windows. |
| | Drive-through windows | Suggests removing the prohibition on drive- through windows. |

| | | |
|--------|------------------------------|--|
| 13-Jan | Drug material | Suggests re-wording warning on educational material given out with medical marijuana with regards to operating machinery. Also suggests using a smaller font size. |
| 16-Dec | Drug testing by employers | Believes should prohibit drug testing so people legally using medical marijuana cannot be punished by their employer. |
| 12-Jan | Education and support policy | Suggests removing requirement that patient and caregiver education and support policy shall include information on drug to drug interactions. |
| 13-Jan | Electronic records | Suggests that 3796:6-3-11(A)(11) conflicts with 3796:6-3-09(F)(3)(i) requiring a DEA ID number. |
| 13-Jan | Electronic records | Information for each sale sent to the Board of Pharmacy should be simple and standardized. |
| 13-Jan | Employee log | Suggests that daily employee log to vault is cumbersome and surveillance plus a list of employees would suffice. |
| 13-Jan | Escrow | Believes the amount an applicant must have in escrow is too high. |
| 13-Jan | Escrow | Suggests the Board should consider having one financial liquidity requirement of either \$250,000 or one year's cost of operations, and make the escrow account or surety bond a subset of that amount. |
| 16-Dec | Fees | Concerned with Federal tax regulation when it comes to dispensaries. Concerned that fee structure is too high and will make costs higher for the patient. |
| 20-Dec | Fees | Believes the proposed fees will only serve to make more money for the state and make it harder for many people to get their own dispensary started. |
| 21-Dec | Fees | Concerned that cost to start a dispensary will make it harder for patients to access the drug. Believes fees shouldn't be higher than those for a normal pharmacy, so more people can use marijuana instead of pain pills. |

| | | |
|--------|------|--|
| 23-Dec | Fees | Believes the fees would eliminate ability of some minorities to open a dispensary. |
| 23-Dec | Fees | Concerned licensing fee will not allow small business to be involved. |
| 3-Jan | Fees | Concerned that an IRS statute would severely hurt the financial side of dispensaries if the licensing fee is \$80,000, and that fee structures from other states should be considered. |
| 8-Jan | Fees | Concerned that the fees will be too high for some minorities to be involved. Suggests the licensing fee should be no higher than a D5 liquor license. |
| 10-Jan | Fees | Suggests maintaining current fee schedule. |
| 10-Jan | Fees | Suggests maintaining current fee schedule. |
| 11-Jan | Fees | Suggests maintaining current fee schedule. |
| 11-Jan | Fees | Believes cost to establish dispensary is too high. |
| 13-Jan | Fees | Suggests costs specified in 3796:6-5-01 are excessive, and that they be revised. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests the application fee be made refundable. Suggests the operation fee be reduced to \$40,000. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests the application fee be a maximum of \$500. |
| 13-Jan | Fees | Suggests an annual license fee maximum of \$5,000. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests maintaining current fee \$80,000 licensing fee, and that they can't be changed for 5 years. |

| | | |
|--------|-----------------|---|
| 13-Jan | Fees | Suggests the Board should lower renewal fees to \$10,000-\$20,000 each year, instead of \$80,000 every two years. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests reducing application fee to \$2,500 and lowering licensing fee to \$50,000 and allow it to be paid prorated. |
| 13-Jan | Fees | Suggests the operation fee and renewal fee be changed to \$7,500. |
| 13-Jan | Fees | Suggests \$80,000 fee is disproportionate in comparison to fees for pharmacies selling dangerous drugs. |
| 13-Jan | Fees | Suggests maintaining current fee schedule. |
| 13-Jan | Fees | Suggests that the high costs for licensure will increase the cost of the product, and suggests lowering the initial licensing cost and the cost of renewal to increase opportunities for application. |
| 13-Jan | Fees | Suggests that the \$80,000 licensing fee seems excessive. |
| 13-Jan | Fees | Suggests halving the licensing fee for dispensaries and for dispensary employees. |
| 13-Jan | Fees | Suggests revising of fee structure to be more in line with current pharmacy fees. |
| 13-Jan | Fees | Suggests decreasing fees significantly. |
| 23-Dec | Fines | Believes there should be a structure of fines put in place before licenses are issued. |
| 13-Jan | General comment | Suggests consistently using either the word "certificate" or "license" but not both. |
| 13-Jan | General comment | Believes the dispensary rules are tedious. |
| 7-Jan | General comment | Suggests that the MMCP work with her development company to open a dispensary to benefit their work and their community. |

| | | |
|--------|------------------------|---|
| 12-Jan | General comment | Believes that all insurance companies should allow customers to use medical marijuana. |
| 13-Jan | General comment | Asks why there are such harsh regulations of a valued product. |
| 26-Dec | General comment | Offered products. |
| 30-Dec | General comment | Forwarded email with a subject line of "Adverse effects of cannabis scientifically identified". |
| 2-Jan | General comment | Requested information on participating in a training session for prescribing proposals in the Medical Marijuana Program. |
| 3-Jan | General comment | Has had chronic pain from spinal issues, and heard from friends that medical marijuana can help with her pain and hopes to use it. |
| 13-Jan | Grounds for discipline | Suggests punishment should only come after conviction, not arrest. |
| 13-Jan | Grounds for discipline | Suggests a suspension should be void after 30 days, rather than 90. |
| 13-Jan | Grounds for discipline | Suggests clarifying that all breaches of federal law, except any actions taken in accordance with Chapter 3796 of the Revised Code, can be punished, since owning a dispensary itself is violation of federal law. |
| 13-Jan | Grounds for discipline | Suggests that the provision requiring a licensee to show an absence of good moral character and habits to be disciplined is broad and should be removed. Suggests it is already covered under the previous provision having to do with moral turpitude. |
| 13-Jan | Grounds for discipline | Suggests that instead of penalty or forfeiture, the dispensary should be required to assist an individual who is addicted to or abusing alcohol or drugs with recovery services. |
| 13-Jan | Grounds for discipline | Suggests the Board remove provision that would allow disciplinary action to be brought on those with marijuana offenses, and allow employment opportunities for them barring any other offenses or prohibitions. |

| | | |
|--------|------------------------|---|
| 13-Jan | Grounds for discipline | Suggests amending provision allowing the Board to discipline a licensee who lent their name to an illegal entity to exclude those who claim to do so accidentally. Suggests adding stipulation that the licensee must have a professional connection with an entity they know to be suspect or illegal. |
| 13-Jan | Grounds for discipline | Suggests the Board should only take action against those convicted - not merely arrested - for a qualifying offense. |
| 13-Jan | Grounds for discipline | Suggests that 3796:6-4-03 (A)(20) be rewritten to apply to those who have a controlling interest or control the daily operations of a dispensary. |
| 13-Jan | Grounds for discipline | Suggests suspending an employee license for those who abuse or have become addicted to controlled substances, or those who have been found guilty of a felony drug offense or the equivalent, without a hearing seems exceedingly punitive. |
| 13-Jan | Grounds for discipline | Suggests the provision dealing with moral turpitude is vague and open to interpretation. |
| 13-Jan | Grounds for discipline | Suggests the provision dealing with moral turpitude is vague and open to interpretation. |
| | Grounds for discipline | Suggests the provision dealing with moral turpitude is vague and open to interpretation. |
| 10-Jan | Home delivery | Suggests prohibiting home delivery. |
| 10-Jan | Home delivery | Suggests prohibiting home delivery. |
| 11-Jan | Home delivery | Suggests prohibiting home delivery. |
| 12-Jan | Home delivery | Suggests prohibition on home delivery should be lifted. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests allowing home delivery system. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |

| | | |
|--------|--------------------|--|
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests considering a specialized system for delivery to home and hospices. |
| 13-Jan | Home delivery | Suggests allowing home delivery services with prior approval from the Board. |
| 13-Jan | Home delivery | Suggests the Board consider home delivery. |
| 13-Jan | Home delivery | Suggests prohibiting home delivery. |
| 13-Jan | Home delivery | Suggests increasing number of dispensaries if the prohibition on home delivery is maintained. |
| 15-Dec | Home grow | Believes citizens should be able to grow their own medicine and then sell excess marijuana back to the system for a profit, to allow more people to be involved in the medical marijuana business. |
| 16-Dec | Home grow | Believes citizens should be able to home grow if they pay a modest fee to the state. |
| 20-Dec | Home grow | Believes that if you live a certain distance away from a dispensary, you should be able to home grow no more than 8 plants. |
| 22-Dec | Home grow | Concerned that the prohibition on home grow will increase financial burden on patients. |
| 13-Jan | Home grow | Believes patients should be allowed to grow their own medicine |
| 12-Jan | Hours of operation | Suggests expanding hours of operation to 7 a.m. to 10 p.m. |
| 12-Jan | Hours of operation | Suggests expanding hours of operation to 7 a.m. to 10 p.m. |
| 13-Jan | Hours of operation | Suggests days and hours operation be decided by operators and local jurisdictions. |
| 13-Jan | Hours of operation | Suggests hours of operation should be from 9 a.m. to 9 p.m. |
| 13-Jan | Hours of operation | Suggests removing the minimum requirement for hours of operation, and instead require dispensaries to draft their own hours and provide supporting data for that decision. |
| 13-Jan | Hours of operation | Suggests the hours of operation be expanded to 7 a.m. to 12 a.m. |

| | | |
|--------|--------------------------|--|
| 13-Jan | Hours of operation | Suggests allowing for more flexibility in hours of operation to respond to the needs of patients and caregivers. |
| 13-Jan | Inspections | Suggests the Board look into a specific company to work with for inspections. |
| 13-Jan | Inventory control system | Suggests inventory control system documents must be kept in a HIPAA- compliant manner. |
| 12-Jan | Key employee | Suggests clarifying or changing rule to allow residents of states other than Ohio to be a key employee. |
| 13-Jan | Key employee | Suggests key employees should be able to work at any location that is registered to a single parent company, but not by a separate entity. |
| 13-Jan | Labeling | Suggests the dispensaries use the harvest batch ID on labels since it will give someone all the information on that batch. |
| 13-Jan | Labeling | Suggests that labels should also include the phone number of the dispensary where the patient received the medical marijuana from. |
| 13-Jan | License bond | Suggests including a provision that exempts bond companies from prosecution for dealing in the medical marijuana industry. |
| 13-Jan | License bond | Suggests the bond amount is too high coupled with other fees associated with the license. |
| 12-Jan | License restrictions | Suggests allowing each dispensary license to have up to three separate dispensing locations. |
| 13-Jan | License restrictions | Suggests that a provisional license should be transferrable under unique situations as approved by the Board. |
| 23-Dec | Location of dispensaries | Suggests removing public parks from the list of locations a dispensary cannot operate within 500 feet of. Suggests allowing churches to sign off on allowing a location within their vicinity due to their shorter hours operation compared to a business. |

| | | |
|--------|--------------------------|--|
| 10-Jan | Location of dispensaries | Asks for clarification on how the 500 foot distance requirement will be checked before a license is granted, and how the requirement is similar or different to the one for bars and nightclubs. |
| 11-Jan | Location of dispensaries | Suggests for potential dispensaries to engage the local jurisdiction to seek sign-off on having a dispensary in that jurisdiction. |
| 12-Jan | Location of dispensaries | Asks for more information on where dispensary districts will be located. |
| 13-Jan | Location of dispensaries | Suggests clarifying how 500 feet from dispensary location is measured. |
| 13-Jan | Location of dispensaries | Suggests the Board determine and announce the dispensary districts and preferred geographic distribution of dispensary sites as soon as possible. |
| 13-Jan | Location of dispensaries | Suggests the Board clarify exactly where the facility set-back measurement is to be taken. |
| 13-Jan | Location of dispensaries | Asks if a daycare center is built within 500 feet of a dispensary a year after the dispensary is in operation, will the dispensary be at risk of being closed? |
| 13-Jan | Minority access | Provided feedback on two rules in the Ohio Revised Code that regulate medical marijuana, specifically concerning minority access. |
| 27-Dec | Miscellaneous | Asked if he can use a California medical marijuana license to go to Michigan and get medical marijuana and bring it back to Ohio, where he lives. |
| 2-Jan | Miscellaneous | Asked where to look for information on how to become a small site and regulations on becoming a grower. |
| 13-Jan | Modification Fee | Suggests fee for a major modification should not exceed \$500. |
| 13-Jan | Modification Fee | Suggests the change in description fees should each be \$2,500. |
| 17-Dec | Number of dispensaries | Concerned about availability for patients who are in counties that have moratoriums on medical marijuana. |
| 20-Dec | Number of dispensaries | Believes 40 dispensaries will not be enough. |

| | | |
|--------|------------------------|---|
| 23-Dec | Number of dispensaries | Concerned the number of dispensaries will limit Ohio's benefits against other states. |
| 26-Dec | Number of dispensaries | Believes limited number of dispensaries will drive black market and limit access for patients. |
| 11-Jan | Number of dispensaries | Suggests a limited number of dispensaries. Suggests prohibiting vending machines. Suggests requirements on warning signs, and the use of a seed-to-sale tracking system. |
| 11-Jan | Number of dispensaries | Believes the number of dispensaries needs to be increased. Concerned that lack of supply will make costs go up. |
| 13-Jan | Number of dispensaries | Suggests aligning number of dispensaries with population or existing pharmacy data. |
| 13-Jan | Number of dispensaries | Suggests the number of dispensary licenses should be between 250 and 300. |
| 13-Jan | Number of dispensaries | Suggests increasing number of dispensary licenses or allowing a licensee to operate more than one location. |
| 13-Jan | Number of dispensaries | Suggests allowing for at least one dispensary license for each of Ohio's 88 counties. |
| 13-Jan | Number of dispensaries | Suggests increasing number of dispensary licenses to 100. |
| 13-Jan | Number of dispensaries | Suggests an independent analysis should be conducted to determine the required number of dispensaries. |
| 13-Jan | Number of dispensaries | Suggests allowing for an increased number of dispensaries. Suggests that geographic distribution and physical ability to reasonably access a dispensary should be of concern when determining the number of initial licenses. |
| 13-Jan | Number of dispensaries | Suggests the state adopt a rule which allows one medical marijuana dispensary for every 10 pharmacies, and for dispensary licensees to have more than one location. |
| 13-Jan | Number of dispensaries | Suggests increasing number of dispensaries to 100. |

| | | |
|--------|--------------------------|--|
| 13-Jan | Number of dispensaries | Suggests increasing the number of dispensaries to around 200. |
| 8-Jan | Oversight | Suggests that the State Liquor Control Board Commission regulate medical marijuana. Concerned that the Board of Pharmacy is acting in financial interest with all the monetary requirements for dispensaries. Suggests allowing the Health Department to regulate dispensaries if the Board of Pharmacy does not work alongside interest groups. |
| 13-Jan | Packaging | Suggests not all individual marijuana products need to be in a container, but all of its contents need to be in one. |
| 13-Jan | Packaging | Suggests that dispensaries must repackage medical marijuana for sale, unless the Board stipulates specified amounts. |
| 13-Jan | Packaging | Suggests a dispensary should be allowed to repack medical marijuana into other increments in store. |
| 13-Jan | Packaging | Suggests adding rule allowing dispensaries to sell medical marijuana in its own locking packaging. |
| 13-Jan | Packaging | Suggests removing the requirement on single dose packaging. |
| 13-Jan | Packaging | Believes that there is not sufficient language ensuring all medical marijuana will be dispensed in child-resistant packaging or containers. |
| 13-Jan | Patient programs | Asks if State prescription assistance programs will be able to participate in dispensary programs. |
| 13-Jan | Products at a dispensary | Suggests the prohibition on selling anything other than medical marijuana products or paraphernalia could be beyond the Board's statutory authority. |
| 13-Jan | Products at a dispensary | Suggests removing prohibition on selling non-medical marijuana items at a dispensary. |

| | | |
|--------|------------------------|---|
| 17-Dec | Products at dispensary | Believes there should be no rule prohibiting sale of products other than medical marijuana at a dispensary, because it would increase costs and maintain the black market. |
| 18-Dec | Products at dispensary | Concerned that prohibiting the sale of other items at a dispensary will increase costs for patients and will push people to black market sales. |
| 12-Jan | Products at dispensary | Suggests removing prohibition on selling anything other than medical marijuana products and paraphernalia. |
| 13-Jan | Products at dispensary | Suggests removing prohibition on selling anything other than medical marijuana products and paraphernalia. |
| 13-Jan | Products at dispensary | Asks for more information on how different devices and paraphernalia will be approved for sale. Suggests allowing approved names/logos to be printed on merchandise and sold in the dispensary. |
| 10-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 10-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 11-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |

| | | |
|--------|-----------------------|--|
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 13-Jan | Purchasing options | Suggests prohibiting coupons and discounts. |
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| 13-Jan | Purchasing options | Suggests prohibiting coupons, discount programs and purchasing clubs (except for indigent and veteran patients) |
| | Qualifying conditions | Believes the qualifying conditions should be set between patient and doctor and that marijuana should not be a Schedule I drug. |
| 23-Dec | Qualifying conditions | Suggests additions to qualifying conditions, citing other examples from other states. |
| 26-Dec | Qualifying conditions | Asked for evidence showing that some qualifying conditions would warrant prescribing medical marijuana; asked what role the Medical Board had in qualifying conditions list; asked why the General Assembly approved medical marijuana when people of Ohio voted against it. |
| 13-Jan | Recalls | Suggests the mechanism by which a dispensary notifies patients of recalls must be HIPAA-compliant. |
| 13-Jan | Recommendation | Suggests the requirements in sections i and k of Rule 3796:6-3-09(F)(3) will already be present thanks to section j, there those two should be removed. |
| 13-Jan | Recommendation | Suggests recommendations should be strictly followed, and that a physician should recommend a specific dose and strength. |
| 13-Jan | Recommendation s | Suggests that requirement for patients to reveal their qualifying condition on their recommendation presented to the dispensary may not protect the patient. |

| | | |
|--------|----------------------------|--|
| 13-Jan | Record keeping | Suggests requirement that all dispensaries must use an electronic records system that is HIPAA-compliant |
| 13-Jan | Record keeping | Suggests requirement that all dispensaries must maintain a third party vendor list that include copies of current HIPAA-compliant Business Associate Agreements. |
| 13-Jan | Record keeping | Suggests requirement that all dispensaries keep HIPAA training records as part of employee training records. |
| 13-Jan | Record keeping | Suggests all patient records maintained by the dispensary must be kept in a HIPAA-compliant manner, and if stored electronically, it is mandated to use a HIPAA-compliant vendor. |
| 8-Jan | Referrals | Asks how much pharmacists have to know to complete a referral from a doctor. |
| 13-Jan | Relocation of a dispensary | Suggests that there may be a circumstance where a dispensary will have to move out of its district, or a dispensary may be on the edge of one that is re-zoned, and that these situations should be considered. |
| 13-Jan | Relocation of a dispensary | Suggests the Board should be required to approve a new location if it is within the same dispensary district and meets all other requirements. Suggests rule could also be changed to allow discretion to the Board only if the location is moving to a different district. Suggests there is no reason to require a location change and renewal license to be processed separately. |
| 13-Jan | Reporting requirements | Suggests the requirement for a dispensary to send dispensing information to the Board within five minutes is burdensome. |
| 13-Jan | Reporting requirements | Asks if a dispensary can submit their quarterly audits electronically. |
| 13-Jan | Request for applications | Asks if the Board has any additional information on the scoring procedure associated with the Request for Applications. |

| | | |
|--------|--------------------------|---|
| 13-Jan | Request for applications | Asks how the Board will know what the preferred distribution of dispensary sites will be when they send out the Request for Applications. |
| 13-Jan | Request for applications | Suggests the period for completing the Request for Applications may is not lengthy. |
| 13-Jan | Request for applications | Suggests that 3796:6-2-01(D) allows the Board to revoke an application without cause. |
| 13-Jan | Request for applications | Asks if the applicant would be able to lease but not execute the lease of a building until their license becomes approved. |
| 13-Jan | Request for applications | Suggests the \$250,000 liquid asset requirement is too high. |
| 13-Jan | Request for applications | Suggests the requirement for an applicant to have a financial plan outlining how they will cover the first year of costs is overbroad. |
| 13-Jan | Request to relocate | Suggests the name of the dispensary should not be disclosed on the outside of the mailer notifying a patient of a relocation so to maintain the privacy of the patient in a HIPAA compliant manner. |
| 13-Jan | Reviews | Suggests the dispensary review should be annual for the first years instead of biannually. |
| 4-Jan | Safety | Suggests all products ocme in childproof containers. Suggests doctors and clinical directors be familiar with latest science on marijuana, specifiically when it comes to addiction, mental health, effects on youth, and interactions with other drugs. Suggests all devices and paraphenalia be labeled for medical use only. |
| 11-Jan | Safety | Suggests dispensaries post warning signs of the dangers of marijuana for pregnant women. |
| 16-Dec | Second Amendment rights | Concerned about how having a patient card may affect Second Amendments right to own a firearm. |

| | | |
|--------|--------------------------------|---|
| 13-Jan | Security equipment inspections | Suggests requirement that all dispensaries must implement HIPAA-compliant administrative, physical and technical safeguards. |
| 13-Jan | Security equipment inspections | Suggests extending intervals for security equipment inspections to 60 days rather than 30 days. |
| 13-Jan | Security equipment inspections | Suggests modifying rule to include motion detection software or event monitoring. Suggests clarifying what 9600 dpi means. Suggests retaining recording for 30-90 days instead of six months. |
| 13-Jan | Security equipment inspections | Suggests the video surveillance system needs to be IP based, and the cameras need to be vandal resistant with at least three megapixels, wide dynamic ranger and low light capabilities. |
| 12-Jan | Signage | Suggests expanding the limit on signage sizing from 16"x18" to 36"x40" |
| 13-Jan | Signage | Suggests allowing an exception for the size of a sign if a larger one is allowed by local municipalities business signage ordinances. |
| 13-Jan | Signage | Signage requirements re too limited and would make it difficult for patients to see. |
| 13-Jan | Signage | Suggests changing store sign size limitation. |
| 13-Jan | Storage | Suggests marijuana storage language be changed to include an "approved storage area". |
| 13-Jan | Storage | Asks when the one-week period when an expired, damaged, deteriorated, misbranded or adulterated drug can be kept at the dispensary begins. |
| 13-Jan | Surety bond | Suggests the surety should be less than \$50,000, and if a company won't bond a dispensary because they are in the cannabis business then this rule is unenforceable. |
| 13-Jan | THC Limit | Believes THC limit should be higher. |
| 11-Jan | Tracking system | Suggests implementing seed-to-sale system to limit diversion. |

| | | |
|--------|------------------|--|
| 13-Jan | Tracking system | Asks for more information on how each registered patient's purchases of medical marijuana will be tracked. |
| 13-Jan | Tracking system | Suggests the Board, not the dispensary, should establish a dispensing and tracking system. |
| 13-Jan | Tracking system | Suggests that the state inventory tracking system be integrated to a business accounting and tracking system for the purposes of financial accounting. |
| 13-Jan | Tracking system | Suggests adding requirement that the dispensary's tracking system should be end-to-end with accounting and API integrated to a laboratory, distributor and cultivator to complete an accurate financial statement. |
| 13-Jan | Tracking system | Suggests the dispensary's tracking system will only work if there is one end-to-end system that is accounting and API integrated to a laboratory, distributor and cultivator. |
| 11-Jan | Vending machines | Suggests prohibiting medical marijuana vending machines. |
| 13-Jan | Warnings | Suggests re-wording the warnings included with each dispensed amount of medical marijuana, specifically regarding the warning to women who are pregnant or breastfeeding, and to those who are operating a vehicle or machinery. |
| 13-Jan | Warnings | Suggests re-wording the warnings included with each dispensed amount of medical marijuana, specifically regarding the warning to women who are pregnant or breastfeeding, and to those who are operating a vehicle or machinery. |
| | Warnings | Suggests re-wording the warnings included with each dispensed amount of medical marijuana, specifically regarding the warning to women who are pregnant or breastfeeding, and to those who are operating a vehicle or machinery. |

| | | |
|--------|----------|--|
| 13-Jan | Websites | Suggests the rule requiring all dispensary website content be approved by the Board of Pharmacy is an infringement on free speech and should be removed. |
| 13-Jan | Websites | Suggests allowing potential dispensary patients to submit questions to dispensary staff via website. |
| 13-Jan | Websites | Suggests removing required prior approval for website content. |
